ABOUT ME

Architect with 2 years of experience building high-performance web applications. Expert in the ecosystem React.js/Next.js. and modern JavaScript practices, with a strong focus on accessibility and performance optimization.

I am constantly exploring emerging technologies to provide cutting-edge solutions.

I am interested in teamwork and sharing my knowledge with others, and my positive side is learning in the shortest possible time.

WORK EXPERIENCE

Developed and deployed multiple responsive web interfaces using React.Js and Next.Js

Collaborated with designers to implement pixel-perfect UI from Figma designs

Integrated RESTful APIs and optimized app performance for speed and accessibility

Enterprise-grade application development using modern React ecosystem with focus on scalability, maintainability and security best practices

Admin Dashboard Template – React.Js, Next.Js...
Built a customizable admin panel with charts, tables, and role-based access control.

Created a responsive shopping interface with cart management, filters, and animations.
Custom Template Implementation
